Computer, Internet, and multimedia services at a price you can afford!

Payment Options

To make paying for my services more convenient, I accept a number of different payment methods.

For most services, I prefer to accept payment only after services are rendered. This ensures your satisfaction and keeps my liability to a minimum. For photograph and DVD orders, you may pay for your photos or DVDs either in advance or after you receive them.

Available payment methods:

- Cash
- Checks – make payable to Mitchell Underwood
- Credit cards – Mastercard, Visa, American Express, or Discover
Simply go to <http://payments.woodyunderwood.biz/>
- E-Check (electronic funds transfer from your checking account)
Simply go to <http://payments.woodyunderwood.biz/>
- PayPal – just like paying on eBay
Simply go to <http://payments.woodyunderwood.biz/>

If you decide to pay online, all your financial information is processed by PayPal, one of the best known payment processing companies on the Internet. The charge to your credit card will appear on your statement as being from PayPal.

When you access the online payment center at <http://payments.woodyunderwood.biz/>, you will need to enter your Online Invoice Number and the Invoice Amount. If you do not have an Online Invoice Number, simply enter a brief 1-3 word description of the payment and the total amount you wish to pay.

If you have any questions about the Online Payment Center, please feel free to give me a call. If you are concerned about the security of your financial information, you are of course welcome to submit payment offline or to review PayPal's policies and security information at www.PayPal.com.

Thank you for your business!
